#### **Guiding Principles for Support from Oakville Hydro Electricity Distribution Inc.:**

Oakville Hydro Electricity Distribution Inc. ("Oakville Hydro") believes in providing support to the communities it serves through monetary contributions as well as in-kind and sponsorship support. All contributions or support should result in some form of value/benefit to Oakville Hydro.

Support may be given to non-profit community groups in support of children, families and seniors, youth at risk, sustainability and health and safety. Consideration will be given to established groups that represent our business territory, in priority over provincial or national organizations.
